

This aerial map displays a residential area with numerous lots, each identified by a number. A red line outlines a specific area of interest, which includes several lots shaded in different colors: blue, orange, green, and purple. The map also shows a river on the left side and a large pond on the right side. The lots are numbered in a way that suggests a grid-like layout, with some numbers indicating specific sections or blocks.

西一色集落+三好上集落
